INSTITUTIONAL PRODUCT PROPOSAL • ACADEMIC YEAR 2026-2027

Complete School ERP & Academic Management System

A modern, easy-to-use software platform built specifically for Indian schools and colleges. Manage fee counters with instant 80G receipts, run automated biometric staff payroll, track student attendance, formulate quizzes with AI, and give parents a transparent window into their child's progress.

Fee Counter & 80G Receipts

Fast fee billing for cash, UPI, or cheques. Generates official tax-deductible receipts with total amount in Indian Rupee words.

Online Proctored Exam Portal

Anti-cheating exam engine with fullscreen lock and automated tab-switch warnings to ensure fair testing for all students.

AI Quiz & Question Generator

Teachers can upload lesson notes or PDFs to create syllabus-aligned MCQs, assertion-reason, and numerical questions in seconds.

7th Pay Commission Payroll

Calculates teacher and staff salaries automatically using biometric attendance, EPF 12%, Professional Tax, and generates pay slips.

Why Schools Choose CampusFlow

✓ No Software Installation

Works directly inside Google Chrome, Microsoft Edge, or Safari on any computer, laptop, tablet, or phone without needing expensive servers.

✓ CBSE & ICSE Aligned

Pre-configured with standard grading scales (A1 to E), scholastic and co-scholastic marksheets, and official board formats.

✓ Complete Parent Trust

Parents can see daily attendance, download fee receipts, review homework, and inspect exam scores right from their phones.

Core System Architecture

Component	What It Does For Your School	Benefit
Fee Counter & Accounts	Collects school fees, creates installment plans, tracks defaulters, and prints 80G tax-exempt receipts.	Stops revenue leakage
Academic & Quiz Engine	Allows teachers to set homework, create MCQs with AI, and review student answers question-by-question.	Saves 10+ hours per week
Anti-Cheat Exam Portal	Runs online tests in fullscreen mode and auto-submits tests if a student switches tabs more than 3 times.	Protects test honesty
Staff Payroll & Biometrics	Calculates monthly salary based on biometric attendance, deducting leaves, EPF, and professional tax.	100% legal compliance
Student & Parent Portals	Students take quizzes and view library books; parents view marks, attendance, and pay pending fees.	Fewer front-desk inquiries

Simple For Teachers To Use: Even teachers with basic computer skills can start taking attendance, creating AI quizzes, and grading students within 30 minutes of training.

Section 2 7 Dedicated Portals for Every Role

CampusFlow gives each staff member, student, and parent their own clean, distraction-free portal with clear permissions so sensitive data stays safe:

Principal & Administrator

Complete school operations in one dashboard:

- ✓ Daily fee collection totals and pending dues tracking
- ✓ Student and staff daily attendance percentages
- ✓ Broadcast school-wide circulars and emergency alerts

Teacher & Faculty Desk

Designed to eliminate teacher paperwork:

- ✓ One-click daily class attendance marking
- ✓ Create quizzes using Gemini AI from lesson notes or PDFs
- ✓ Fast grading queue and report card marks entry

Student Learning Desk

Clean, focused learning tools for students:

- ✓ Online quizzes with proctoring and instant scoring
- ✓ Step-by-step explanations to learn from mistakes
- ✓ Class timetable, homework tasks, and issued library books

Parent Supervision Window

Builds trust between school and families:

- ✓ Real-time absence alert if child misses morning roll call
- ✓ Upcoming homework, exam dates, and teacher remarks
- ✓ Printable 80G fee receipts and online fee payment

Accountant & Fee Cashier

Fast counter billing with zero calculation errors:

- ✓ Instant billing for Cash, UPI, Cheques, and Cards
- ✓ Automated late fine calculation and installment ledger
- ✓ Class-wise fee defaulter reports with SMS alerts

Librarian & Transport Desk

Organizes campus books and bus fleet:

- ✓ Barcode book checkout, return, and overdue fine recovery
- ✓ Bus routes, pickup stops, driver verification, and bus passes
- ✓ Complete library catalog search by title, author, or subject

Data Privacy & Security: Students cannot view answer keys before submission, parents only see their own children's records, and teachers only access their assigned classes.

Section 3

AI Quiz Creator & Anti-Cheat Exam Portal

CampusFlow takes the stress out of making test papers and conducting online exams. Teachers save hours of typing, and schools get an honest assessment environment.

✦ Gemini AI Question Generator

Teachers no longer need to spend hours searching the internet for questions:

- ✓ **Upload Notes or Chapter PDFs:** The AI reads the teacher's lesson notes or PDF pages and asks questions strictly from that text.
- ✓ **CBSE Standard Question Types:** Choose from standard MCQs, Assertion & Reason, and Numerical Word Problems.
- ✓ **Difficulty Adjustment:** Pick Easy, Medium, Hard, or Competitive level based on the class standard.
- ✓ **Clear Explanations:** Every question comes with a step-by-step reason explaining why the answer is correct.
- ✓ **One-Click Add:** Review the questions, change marks or options if desired, and publish to students in 1 click.

🛡️ Anti-Cheating Exam Room

Ensures students do not browse other tabs or consult answers online during tests:

- ✓ **Mandatory Fullscreen:** Test runs full screen so students cannot open side windows or chat apps.
- ✓ **Tab-Switch Warning System:** If a student opens another browser tab or minimizes the screen, a loud visual warning stops the test immediately.
- ✓ **3-Strike Rule:** After 3 warnings, the exam locks automatically and submits with a "Tab Switch Disqualification" alert.
- ✓ **Clear Question Palette:** Green for answered, red for skipped, purple for marked for review.
- ✓ **Detailed Teacher Audit:** Teachers can see exactly how many times a student switched tabs before grading.

How the Examination Cycle Works

Step	What Happens	Who Does It	Time Taken
1. Create Quiz	Teacher enters topic or uploads chapter notes; AI drafts 5 to 20 MCQs with answers.	Subject Teacher	Under 1 minute
2. Student Takes Exam	Student opens portal in fullscreen, answers questions with countdown timer running.	Student	Scheduled exam slot
3. Instant Evaluation	Software scores objective questions automatically and flags any proctoring violations.	Automated System	Instant (0 seconds)
4. Teacher Verification	Teacher reviews student answers in the "Pending Review Queue" and adds feedback.	Teacher	2 minutes per class
5. Parent Result View	Results and explanations become visible on the parent portal; marks update in report card.	Parent / Student	Immediately available

Fast & Reliable: Powered by Google's fast AI models, question creation takes less than 4 seconds and never slows down during exam days.

Section 4

Fees, Staff Payroll & Report Cards

CampusFlow handles the most critical financial and academic paperwork for your school with 100% legal accuracy:

Smart Fee Counter & 80G Receipts

Make fee collection fast and avoid cashier mistakes:

- ✓ **Multiple Fee Heads:** Tuition Fee, Computer Lab, Science Lab, Annual Sports, Library, and Transport charges.
- ✓ **Official 80G Tax Receipts:** Prints branded receipts with school logo, receipt number, parent name, and the exact amount spelled out in Indian Rupee words (e.g., *Rupees Fourteen Thousand Five Hundred Only*).
- ✓ **Defaulter Tracking:** One click shows all students with overdue fees; filter by class or section to follow up with parents.
- ✓ **Flexible Installments:** Set up quarterly, monthly, or one-time annual payment options.

7th CPC Staff Payroll & Salary Slips

Pay your teachers and staff accurately without Excel headaches:

- ✓ **Biometric Attendance Linked:** Calculates pay according to days worked, approved casual leaves, and Loss of Pay (LOP) for unexcused absences.
- ✓ **Full Salary Structure:** Basic Pay, Dearness Allowance (DA), HRA, Transport Allowance, and Medical Allowance.
- ✓ **Statutory Deductions:** Automatically calculates EPF (12%), Professional Tax (PT), and TDS Section 192 deductions.
- ✓ **Certified Pay Slips:** Generates official printable salary slips with bank account details, PF numbers, and authorized signature lines.

Printable Documents Generated by CampusFlow

Document	Format	Features
CBSE Report Card	A4 Printable PDF	Term marks, grades, attendance percentage, class rank, teacher remarks, and school crest.
Fee Receipt & Tax Slip	Printable Slip	Itemized fee heads, payment mode (Cash/UPI/Cheque), transaction ID, and Rupee words.
Staff Salary Pay Slip	Bank-Format Slip	Working days, LOP deductions, earnings stack, PF/PT deductions, and net payable.
Student Bus Pass	Identity Card Format	Student photo, route number, pickup stop, parent contact number, and validity dates.

Zero Human Calculation Errors: All totals, taxes, deductions, and word conversions are calculated automatically, protecting your school during annual financial audits.

Section 5

4-Week Setup Plan & Commercial Sign-Off

We make switching to CampusFlow smooth and easy. Our team assists with data import, staff training, and live support so your academic year continues without interruption.

Week 1
Data Import: We import your existing student lists, staff records, and fee structures from Excel or existing software.

Week 2
School Setup: Configure your fee heads, class divisions, timetable schedules, and grading scales.

Week 3
Staff Training: Hands-on training sessions for teachers, accountants, and office staff. Simple step-by-step guides provided.

Week 4
Campus Launch: Go live across all departments. Dedicated Snab support team on standby for any questions.
